Welcome

I'm pleased to begin this introduction with the good news that our great friend and honorary MC, Willie Allan, is now an MBE. He was recognised in the Queen's Birthday Honours list for services to charity and youth rugby. Willie has worked tirelessly over the years for numerous charities and good causes and his award is richly deserved. I'm delighted for him.

That desire to help others is so evident at The Shoot. Each year an army of volunteers puts in a huge amount of hard work behind the scenes to put on

an event that is tremendous fun and enjoyed by everyone.

I know of no other event where there is such willingness to offer support, donate prizes and, of course, give generously when it comes to the auction. That spirit of kindness and generosity is celebrated with our Jim Paterson Award. Finding just one person to award the trophy to is an incredibly difficult task and I'm grateful to the Paterson family for their involvement in making that decision.

This year, we will be raising money once again for Maggie's and JDRF. What has become increasingly clear to me is how much our contribution means to the families these charities support. Cancer and type 1 diabetes can be particularly devastating when they hit children, leaving whole families facing life-changing challenges. The money you donate at The Shoot gives hope and comfort to those families and for that I'm very grateful.

Our MC and Auctioneer

For me The Shoot is wonderful. There's nothing quite like it. It has grown from a small ticket 'do' to the social event of the year and I am always staggered by the amount of money that is so generously donated to the charities we support.

I've now been The Shoot's auctioneer on fifteen occasions (the year I missed it, the day was a disaster – just ask Gerard about Martha Reeves).

Every time, the atmosphere has been hugely positive and the 'crowd' ebullient and effervescent – a joy for anyone with my job!

I also like the banter. There are a number of big characters that attend each year and there's plenty of spirited backchat

and joshing as the auction hots up, which makes it great fun.

I have always found people at The Shoot to be incredibly kind. Over the years, the event has been a great shop window for me and the kids who played rugby for the Buckhaven High Sharks and Sharkettes, with many guests of The Shoot helping me to fundraise for the school teams. I have been lucky enough to get to know these very generous people better through this support and I am extremely grateful.

It reminds me of a story about Jim Paterson, who was a regular at The Shoot and whose name now appears on our kindness & generosity award. He told me that he was giving me a washing machine to clean all the rugby kit. I told him that was great, but I would have to check it out with the school and the council. Always the straight talking guy, he told me that all I needed to do was plug it in. He was right of course.

I hope you all have a great day.

Competition Prizes

Welcome to the Shoot 2017. We have a great day of competition lined up for you, with a few changes to keep you on your toes.

With 180 people taking part in the competition, we want to ensure the day is super-slick. So, when Willie Allan finishes the safety briefing, we'll invite everyone to make their way to their first stand, guided by our team hosts. The first change is the introduction of a shotgun start, which should help reduce any waiting time at the stands. Gerard will fire two shots in the air at 10am and that's our signal to begin.

Our second change is a new route around the sporting stands. The Yorkes' steak and gravy

pies are proving so popular that some of our guests (you know who you are) were having to be rolled down the hill! So with that in mind, the first stand will now be at the top of hill with the High Tower, working back down towards the Clubhouse.

Finally, by popular demand we have increased the Flush from 40 clays to 50 clays, but otherwise categories and trophies remain the same. Our categories are still Rookies, Half Shots and Game Shots, with prizes and trophies awarded for the Top Gun, Top Team and Top Flush Team in each category. There's also the trophy for the Top Flypast, which can be from any category and Top Lady.

As well as the Jim Paterson Award for kindness and generosity, we also have the David Hendry Award for good sportsmanship. I don't expect it will be easy to decide on the winner for the latter, so points for the number of pies you can eat may be taken into consideration!

Good shooting everyone.

200 bird day at Fasque Estate for up to ten guns

Fasque is a 9,000 acre estate situated on the south-east edge of the Grampian mountain range, close to the small town of Laurencekirk; its pheasant shooting is widely regarded as among the best in the UK. Many of the drives are on high slopes with spectacular arcing views over the east coast of Scotland, from Aberdeen to Dundee and, on a clear day, over the Mearns of Angus and down to St Andrews in Fife.

This prize consists of a formal 200 bird day at Fasque for up to ten guns, to be taken on a date to be mutually agreed within the 2018/19 shooting season. Hosted by Bill Dunnett, your day will begin at 8.30am with a champagne breakfast before heading out to begin the shoot at 9.30am. Dove hunting trip to Argentina for four guns

While Argentina is renowned for having the best dove hunting in the world, the quality of the shooting varies from province to province, but nowhere compares with northern Cordoba. The best dove hunting is done near the famous Macha and Churqui dove roosts and your home for this trip of a lifetime is Posta del Norte lodge, which is perfectly located in between these two roosts.

Since its opening in 1995, Posta del Norte has been one of the premier dove hunting lodges in Argentina, offering superb shooting all year round. The lodge sits in immaculately-kept grounds and one of its most famous features is the rustic yet elegant 'Gaucho Bar'. This bar was built over 150 years ago, providing guests with the perfect setting for cocktails, poker games and sharing stories about the day's hunt. The lodge has six well-appointed suites, each with queen-size beds, ensuite bathrooms and breathtaking views. A heated Jacuzzi is a welcome addition to the lodge, perfect for relaxing after a day's shooting. Couple all of this with white-glove service, fine dining and wonderful regional wines and you and your guests are sure to have a trip to remember.

This package for four people includes: four days' shooting in Cordoba with professional guiding service, three night's accommodation in Posta del Norte lodge including all meals and drinks, airport transfers from Cordoba airport and local sales taxes. Your prize can be taken at any time within the next 12 months, subject to availability. Please note that flights, shells, gun rental, permits and discretionary tips are not included.

Fully fitted award-winning Blaser F16 Shotgun

Blaser

Blaser has been one of the leading manufacturers of hunting rifles and shotguns in Europe for 60 years. Every product is tailored to the needs of the serious, active hunter and shooter and its versatile product range includes bolt action rifles, break action rifles, combination guns and shotguns. Blaser is delighted to donate the latest addition to its range, the F16 shotgun, in either the gents or ladies model, fully fitted and personalised with your own engraved oval.

Passionate about perfection, the F16 marked the launch of the next generation of game shotguns for Blaser. This perfectly balanced over and under shotgun has the lowest profile receiver on the market, giving it an exceptionally low centre of gravity, and making it extraordinarily pointable and dynamic. The shooter immediately feels the difference when picking up the shotgun, so if you haven't collected any silverware at the prizegiving today, maybe you should give this a go! The F16 action features the Inertial Block System (IBS) that enhances shooter safety and comfort by preventing the ability for the shotgun

to fan fire or double. It has been extremely well received by the shooting press and has already won a series of awards: The Shooting Industry Awards Best Shotgun 2017; NRA Golden Bullseye Award for Shotgun of the Year 2017 from American Rifleman Magazine; and Connaissance de la Chasse Shotgun of the Year 2017.

Your prize also includes a deluxe transit case and a visit to the UK headquarters of Blaser in Guildford to have your new F16 shotgun specially fitted for you. As the special guest of CEO of Blaser Sporting, Robert Sajitz and Head of Sales, Chris Dewbury, you'll get a tour of the showroom followed by lunch at a nearby restaurant. If you would prefer to have your shotgun custom fitted in Scotland or Northern Ireland, this can also be arranged.

Lot 5 'King of The Shoot' Penguin

The summer of 2018 will see giant sculptures of penguins adorning the streets of Dundee, in a high profile, mass participation Penguin Parade. Each sculpture will be individually designed and painted by local artists and companies will be invited to get creative and sponsor the design of one of them. The Penguin Parade will culminate with a celebration event, where all the penguins will be auctioned in aid of Maggie's Centre.

The recent Oor Wullie auction in Dundee proved to be a massive success with fierce bidding from individuals, businesses and organisations, all desperate to have their own sculpture. The Penguin Parade is expected to be every bit as popular and The Shoot is honoured to have been given the very first penguin to auction today. This is the only penguin to go on sale outside the main event next summer and a very special opportunity to get ahead of the game and own a truly unique piece of art.

Our charming king penguin has been painted by the highly talented Janice Aitken from Duncan of Jordanstone College of Art and Design, who also designed the shape of the sculpture itself for Maggie's. 'King of The Shoot' is dressed like a true country gent with checked shirt, tweeds, ear defenders and shotgun ready for a day at The Shoot; he is beautifully painted to capture the textures of his tweeds and his densely packed feathers. Our penguin is almost 6ft high on his plinth and tough enough to go inside or outside his new home. He'll be revealed at The Shoot on Sunday 13th August - will you be lucky enough to take him home?

Donate to Maggie's

Maggie's provides support for everyone affected by cancer.

Last year, its eight Centres in Scotland opened their doors over 80,000 times to people who are facing cancer, and their family and friends.

Just the word 'cancer' is frightening enough; it brings tough questions, uncertainty and is one of the most distressing times that a person can find themselves in.

Support at Maggie's comes in a variety of ways: through providing a safe space for people to talk about their feelings and worries to helping them meet other people in a similar situation and providing support for practical and financial concerns. There is no one right way to support a person with cancer, but information, knowledge, understanding and support is critical and can make a huge difference to a person's state of mind or wellbeing – all provided by Maggie's professional team.

Maggie's is there for everyone – the youngest visitors can be a few weeks old to people in their 90's. One of its key activities is supporting younger visitors, who have a parent or carer with cancer, by running Kids and Teens Days.

Informal and creative, these sessions offer information about cancer and its treatment, as well as the chance to share stories and experiences. The day includes a visit to radiology and chemotherapy departments with a Maggie's Cancer Support Specialist and an NHS cancer nurse where young people are given an opportunity to ask questions about their parents' treatment and to talk and explore their feelings in a facilitated and safe environment.

As one parent put it, 'the benefits of these days are to hear how my children are coping and for them to be less scared and frightened of what I have to go through. Thank you to all the fabulous staff at Maggie's for providing so much support to our children'.

Nobody should face cancer on their own. With your support, we can ensure that Maggie's is there for everyone who needs it for as long as they need it. Please give whatever you can through Lot 1 on your auction tablet.

Did you know that Scotland has the third highest incidence of type 1 diabetes in the world?

More than 30,000 people in Scotland live with the condition. Incidence is increasing by about four per cent each year and particularly in children under five, with a five per cent increase each year in this age group over the last 20 years.

Ty, age 9 from Aberdeen, was diagnosed with type 1 diabetes in 2011 when he was just three years old. To date he has had to have over 13,000 finger prick blood tests and 11,000 insulin injections, just to stay alive.

Ty's mum Mechelle, said "Ty's diagnosis was devastating, I was mourning the loss of my healthy carefree boy. I knew that life would never be the same, but even then I had no idea of the impact type 1 diabetes would have on Ty and on our family as a whole.

I will never forget the anguish in Ty's voice when he looked in my eyes and screamed 'help me mummy' as the nurses held him down and fought multiple times to put IVs in his hands and feet. My poor boy was only 3 years old; he didn't understand that they were trying to save his life.

Thanks to JDRF's research projects and the support of everyone here today we have hope. Hope for a future without diabetes, or at least technologies to make living with the condition a whole lot easier. It means everything to my family that you are supporting JDRF today and it especially means a lot to Ty."

JDRF is the type 1 diabetes research charity, funding and coordinating ground breaking clinical studies around the world. In Scotland, one JDRF-funded study is being led by Professor Helen Colhoun from Edinburgh, who is looking at identifying signs that can predict kidney disease in people with type 1 diabetes. Kidney disease is a serious complication of type 1. All projects in Scotland will have an important impact on the JDRF pathway to achieving its goals for finding the cure and improving type 1 diabetes life expectancy.

Furthermore, progress in type 1 diabetes could potentially unlock a range of future treatments and therapies for other autoimmune conditions such as MS, rheumatoid arthritis and coeliac disease.

To achieve all this, JDRF needs your support. Please donate whatever you can through Lot 2 in the silent auction and join JDRF to find the cure.

John Damari

Storm over the crofts on a moonlit night, Argyll. Oil on canvas 76cm x 61cm

John Damari was born in Italy and educated at the Accademia Europe di Firenze. His early influences began in childhood with encouragement from his father and wider family members who were all interested and involved in art in its many forms, both in Scotland and in his native Italy. John takes his influences from his love of nature and the outdoors

– the ruggedness and majesty of the mountains and the calmness of the sea along the coastline of Western Scotland and its islands. John's trademark use of the palette knife, combined with vibrant colours, captures the feeling and atmosphere of his subject matter and inspires reaction in his viewers. This can be seen in this stunning oil on canvas painting entitled "Storm over the crofts on a moonlit night, Argyll" which he is delighted to donate to the auction. The painting measures 76 x 61cm and is beautifully framed.

John Damari

Millport looking towards Arran. Oil on canvas 102cm x 76cm

The second painting from Renfrewshire artist John Damari is oil on canvas and painted using mainly a palette knife. John draws inspiration from the ever-changing light over the water, capturing the vibrant

colours of the landscape and this stunning framed seascape entitled 'Millport looking towards Arran' is typical of his work. This was painted from the famous Crocodile Rock in Millport looking out towards the isle of Arran on a summer's day it measures 102cm x 76cm and is framed. John has been a great supporter of The Shoot for many years and we are fortunate to be one of the many charities he supports every year with donations of paintings.

Marion Drummond

Under the Spotlight Oil on board, 36" x 36"

Marion Drummond was born in Glasgow in 1958 and has lived in Scotland all her life. She has developed a strong and mature style and her shows now regularly sell out. Much of her success is due to her skillful and confident use of colour which wonderfully captures the beauty of flowers in particular. Her work forms part of the collections of many major financial institutions and International high profile investors. She paints in oils with fingers and rags (no brushes), dipping the rags into oil and marking out the light, mixing on the board

as she goes and dragging, working wet on wet. The paint is never diluted and Marion puts energy and emotion into her paintings, making an abstract start and tightening as she goes. Her paintings can be put away for weeks or months (occasionally years) and revisited with a fresh eye. This still life oil on board entitled 'Under the Spotlight', is vibrant and uplifting, making a perfect addition to any home or private art collection.
